PAIN

Color is everything, and painted finishes provide limitless possibilities, which is why Shiloh Cabinetry offers so many choices. Our diverse collection of standard paint colors is only the beginning. For those with a particular color in mind, our custom paint program lets you choose from the entire Sherwin Williams' palette of paint colors. Visit your local retailer for more details.

GLAZE AND HIGHLIGHT OPTIONS ON PAINT

Shiloh also offers additional finish techniques on paint. Available on most paint colors, our glaze or highlight options add an extra level of character for a more antiqued appearance. The brushing add-on is only available with a highlight and adds subtle brush strokes to the highlighting process. Variation of intensity and direction are common and expected with all glazes, highlights and brushing techniques.

cafe highlight	slate highlight	slate highlight w/brushing	

STAIN

The beauty of wood is showcased with our carefully selected palette of stains. Our staining process enhances the various wood species that we offer, resulting in a beautifully finished piece of furniture for your home. When you add a glaze or highlight to one of our stains, you add an extra layer of depth and a change to the color tone, for even more possibilities. From traditional colors to modern interpretations, you are sure to find the right finish.

GLAZE AND HIGHLIGHT OPTIONS ON STAIN

By choosing a glaze or highlight, you add even more character to the finish. With several options of glaze or a subtle highlight, our hand-wiped process adds a layer of color that changes the underlying stain for a deeper, richer appearance. As this is a hand-applied technique, variation in the amount and location of glaze material will vary from piece to piece and within the same piece. Variation adds to the character and should be expected.
